Highlights

Crystal clear screen protector
The crystal-clear film adds an invisible layer of protection against scratches and dust to your device's display screen. It works using static adhesion, so it's easy to apply and remove without leaving any sticky residue.

Smoothing card included
Use the smoothing card provided to gently remove any air bubbles that may have become trapped under the protective film during application.

Lint-free cloth included
Don't trap dust beneath your new screen protector! Use lint-free cloth provided to thoroughly clean the surface of your device before applying the film.

Clear viewing from any angle
The difference is clear – our screen protector won't distort the revolutionary IPS display so you can enjoy crisp, clear, vivid images at any angle.
